Dear Commissioner

Please understand that rates cannot continue to increase when retirees benefits and employee salaries have not risen in line with inflation for years. We cannot keep up as it is.

Our environment is and has been in jeopardy and I would like to see more in your future plans to address this. This is for the future of your children and grandchildren.

Let each of us do what we can. For me, I may continue to keep paying higher bills but at least I can tell my children and grandchildren I tried.

Thank you,

Jean Takacs
