Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Because, in times like these we are having to stay home more and most of us have experienced an increase in grocery bills, so trying to keep the lights on and food on the table has now become a choice, do we choose food or lights? Of course I understand that they still have to be paid, but if the bill is higher then that puts a strain on our pockets.

Thank you,

Anita BLACK
