Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Power and light it's an essential service and as such we cannot afford to be without it. That been said, an increase in the actual rates will be a hard hit to the already hit budget of all Florida residents. Wages are still the same for a long time now and additional cost I really can't afford. Hopping a reconsideration on this matter will be made for the benefit of the majority of the population. Thanks!

Thank you,

Antonio Maxwell
