Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Having to take care of my mother-in-law that is on 24/7 oxygen is burden enough on our electric bill, now increasing it more puts us in a bigger bind paying our bills. I believe FPL is making a big enough profit with what they already charge, when is it enough for corporate America? When is corporate America going to start looking out for their customers?

Thank you,

Thomas Burt
