Dear Commissioner

My wife and I are in our mid-70's, retired, and on Social Security and Medicare!! We simply cannot afford increases in anything - never mind our utilities from FPL!! Your stockholders already receive returns in excess of "normal" stocks. Why should we - the consumers - have to pay higher bills to have your stockholders get richer?? Please consider our (and many other retirees in FL) positions in your rate configurations!! We need a break!!

Thank you,

John Gorman
