Dear Commissioner

I have a modest home of only 1692 square feet under air. I have a brand new energy star a.c. unit. I keep my thermostat at 78.  
I am 70 years old , my wife 75.  
We are both retired. Our electric bill was \$270.  
Don't tell me I should go on even monthly payment plan.  
The real cost is 270 which is criminal.  
Reduce your rates so my bill won't go over \$130. which is way more than it should be even then.

Thank you,

Marc Menzie
