Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Like many residents in our community, we are retired and living on social security. Our bill last month was \$182.49 in a 2 bedroom apartment.. We keep our thermostat at 78 degrees. All of our expenses keep rising as our as our SS payments do not increase enough to cover increased expenses. Don't we deserve to share in all of the energy savings all of our assesments have paid for?

Thank you,

Peter Pietz
