Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

We continue to see rate increases in all our utility Bill's, we customers with a fixed income should be exempt from said increases. We have no way of increasing our income yet we are expected to pay more. How do you suggest we cover said increases.

What needs to occur is a total analysis on how the elderly and disabled, as well as those FPL customers that are on a fixed income may be spared from said rate increases.

Perhaps the CEO's and the CFO's of FPL may decrease their salaries , along with other alternative FPL company cuts.

Thank you,
Rosa Maria Acosta

Thank you,
