Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Florida Power & Light (FPL) is practically a monopoly in our Florida area because of unavailability of competitors. Its rates are noticeably higher than those of comparable providers. As a result, customers are in a "captive" situation. Our bills continue to rise and the service is at best mediocre, yet FPL consumers regularly face rate increases that simply pay for FPL's gains. This is unacceptable. FPL must be regulated on the basis of its real costs and the service provided; it needs competition.

Thank you,

Ricardo Machin
