Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Please denied the electric rate increased proposed by Florida Power and Light. I am a Florida senior citizen who like others are already in less than good financial condition and do not look forward to such a large rate hike. While I would prefer no increase, perhaps only a modest increase MAY be justified. The large energy company that owns Florida Power and Light is doing very well without an increase. Please give and other requests serious consideration before granting any increase. Thank you for reading. F J Nowak, 777 Bayshore Drive, Fort Lauderdale, Fl 33304

Thank you,
