**Subject:** Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Please stop the rate increases from FPL.

Electricity rates are an essential pocketbook issue for Florida residents age 50-plus and their families, many of whom are struggling to pay their power bills along with other household expenses like food and medicine.

Consumer groups believe rates can and should be lowered, not increased.

If the PSC agrees with the settlement, it will allow FPL to avoid going on the record with answers to questions about its clean energy goals and its commitment to keeping its rates affordable.

Thank you,

Marcy Gold
