Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

My husband and I are on a fixed income. We need you to be more transparent with these rate increases and how the money is really spent. And about the future...Are you doing all you really can for our children and grandchildren so this earth, our only home now, will be livable? I'd like to know how you sleep at night. I think you could do better for us now and them in the future.

Thank you.

Thank you,

Louise Malpass
