Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Please stop abusing your ability to run a company on staggering rate increases. You need to have a budget as we do in our life and live off of it. I am SURE you are making enough in profits to do any and all improvements and research you need to do. When you raise the rates of elders and people with low incomes we have to give up something to pay your bill. I am sure most of us are NOT wasting our electricity and that we are trying to keep it within our BUDGET!

Thank you,

Cathy Trent
