Dear Commissioner

I think it's totally unnecessary for FPL to get such a break on their settlement. Now especially with the pandemic many of us seriously citizens and others are having a hard time just with every day expenses. Now you give FPL a break that they don't need. Their share holders make a good enough dividen. Please don't let them get away with this . By the way how much do you people make on this deal. Us FI home owners are still reeling from our homeowners insurance increase that was snuck through on us all.

Thank you,

Daniel Bachmann
