Dear Commissioner

Electricity is an essential service. Funding is received at a state level and federal level to assist with keeping rates affordable for residents. Florida has a high rate of retirees living on a fixed income.

The minimum wage in Florida is \$8.65. Families struggle to meet household expenses.

Focus on ensuring that residents can afford to live with the basics of life. Food ; Electricity;

Healthcare; Housing before striving to make the basics unaffordable for most of the residents in the State of Florida.

Thank you,

Anne Kenny-Gaynor
