Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

I am sending this message out of concern for rising costs, I am retired and living on SSA and a small \$200.00 pension a month, at the rate costs are rising my financial future is not looking very bright! At some point the money is going to run out! I understand that change

can be costly however if companies like FPL would re-evaluate their internal salaries and overhead they may be able to make improvements without a huge increase. For me \$20.00 is \$20.00 that put a bit of food on the table.

Thank you for your time and effort to keep costs low.

Thank you,

Timothy Norris
