Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

I add my hope that you will no permit Florida Power and Light to increase their residential rates. I think, FPL, must have enough resources, and must have done some strategic planning to balance their need for more money from consumers and FPL's need to spend funds on

different projects.

I would hope, that before any rate increase is approved, a thorough and in-depth audit of FPL's accounts be conducted and reported to the public, to include the pay of FPL's executive staff.

There are many customers who are barely able to pay all their bills, medical and food, and utilities. The consumer is not a bottomless pit of funds for utility companies.

With proper planing and investments, FPL could even reduce their rates.

I hope the Commission will disaapprove these rate hikes.

Thank you,

Brian Nemeth
