Commissioner Art Graham,

I am writing as a concerned Florida resident and customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to find work.

I urge you to reconsider this rate increase.

Some of us are on fixed incomes and have been taking a real hit with the total lack of interest on what used to be our savings income so....

I urge you to reconsider this rate increase.

Seniors on fixed and limited incomes can not be expected to fill the pockets of for profit executives in order to receive a basic need for electric power.

I urge you to please reconsider this rate increase.
