Subject: Public Comment on Docket #20210015-EI

Dear Public Service Commission,

As a resident in an FPL powered house in Palm Beach County, I urge you to SAY NO to FPL's request to raise our rates!

We don't need their requested expansion of redundant and obsolete fossil fuel infrastructure that harms my community. The transmission infrastructure is working fine as is. FPL shareholders already take enough money from us.

FPL already wasted a ton of our money building a fancy new headquarters in my neighborhood of Palm Beach Gardens, because they don't like how vulnerable their previous headquarters on the beach was to CHANGES IN CLIMATE that THEIR OWN BUSINESS CAUSED!

Please side with the residents who actually work and need affordable power, not parasitic FPL investors who want bigger profits from irresponsible fossil fuel projects. Reject FPL's request to raise our rates.

Thank you.

Sincerely,
Cameron Stempel
2770 Ravella Way Palm Beach Gardens, FL 33410-2968
