**Subject:** Electricity Rates

Dear Commissioner

Please do not raise utility rates. Right now they are not consistent. When you charge more for usage above 1,000, your days should be the same - 30 every month. Not 32, 33, etc. Rates are too high now. This is not the time to increase rates when so many people are already hurting and FPL is not. Thank you.

Thank you,

Kimberly Butera
