Subject: RE: FPL Rate increase request.

Good Afternoon, Mr. Vaupel.

We will be placing your comments below in consumer correspondence in Docket 20210000, and the Office of Consumer Assistance and Outreach will be notified.

Thank you!

Toni Hover

Subject: FPL Rate increase request.

I am writing to you this morning to ask that you do not grant FPL their recent rate request. I have a solar home in Pembroke Pines, Fl. with 46 panels on my roof and 3 Enphase 10 batteries for storage. I don't like having an electrical monopoly raising my hook-up rates from \$9 to \$30 just because they feel like it. I have invested thousands of dollars (\$54,000) in my solar set-up and should be able to enjoy getting my energy from the Sun, and not be charged extra money from FPL because they want to burn fuel oil to produce electricity instead of using free solar power. Thank you.
