Re: *Petition for approval of modifications to demand-side management program
plan and participation standards, by Duke Energy Florida, LLC.; Docket
No. 20210121-EG*

Dear Mr. Teitzman:

On behalf of Duke Energy Florida, LLC ("DEF"), please find enclosed for electronic filing in the above-referenced Docket, DEF's Response to Staff's Fourth Data Request (Nos. 1-7) propounded on October 22, 2021.

Thank you for your assistance in this matter. If you have any questions concerning this Response, please feel free to contact me at (727) 820-4692.

Respectfully,

/s/ Dianne M. Triplett

**DUKE ENERGY FLORIDA, LLC'S RESPONSE TO
STAFF'S FOURTH DATA REQUEST RE. DEF'S PETITION FOR APPROVAL
OF MODIFICATIONS TO DEMAND-SIDE MANAGEMENT PROGRAM
PLAN AND PARTICIPATION STANDARDS**

1. Other than the Neighborhood Energy Fund, please list and describe all financial assistance opportunities DEF has available for customers in need.

RESPONSE:

Duke Energy offers the following programs to customers needing financial assistance:

Agency Guarantee Program. DEF works with over 300 agencies to help secure assistance with both Energy Neighbor Funds (ENF) and non-ENF funding. By far, the largest source of guarantee payments we receive is from the federally sponsored Low-Income Home Energy Assistance Program (better known as LIHEAP). We partner with LIHEAP and other funding agencies by referring customers to them, providing any needed customer billing information (with the customer's approval) and making it as easy as possible to process guarantees and payments (applied directly to customer's billing accounts). DEF's Centralized Agency Team processes pledges via inbound calls, emails and faxes. Agencies may also utilize DEF's Agency Portal to make guarantees and payments. We also work closely with 211, which is a funding agency that helps with, not only electric bills, but with rent, water and other utility bills.

DEF also offers the **Special Medical Needs Program**. This program can help a customer who has suffered a current catastrophic illness that prevents them or their caretaker from working for a minimum of 90 days. If the customer qualifies, we can provide a one-time bill credit of up to \$400.00 on their electric bill. This is a program funded by Duke Energy and was the first of its kind in the State of Florida.

DEF provides assistance to vulnerable seniors. **The Gatekeeper Program** is designed to provide help to our vulnerable elderly customers. The following might indicate if a senior may benefit from the program:

- The customer seems disoriented or confused.
- The customer appears to show signs of neglect or abuse.
- The customer's neighbors may have mentioned that something may be wrong.

The DEF Centralized Agency Team reaches out to a participating agency that helps seniors through The Gatekeeper Program. This agency can generally assist, not only with financial assistance, but with an array of services (or make referrals to other help agencies) such as medical referrals, check writing, light housekeeping and yardwork, meals on wheels, running errands and transportation.

DEF also provides extended payment options, including payment arrangements or the option to have a bill broken into installments, for customers who are in need of additional time to pay their electric bills.

For DEF's financial assistance processes and communication of resources to customers in need, see DEF's Monthly COVID-19 Reporting Data filings (September 2020 – current), which can be found in the Undocketed as either Attachments A or B.

- a. Please indicate how customers are made aware of these assistance opportunities.

RESPONSE:

Customers are made aware of assistance opportunities from our Customer Care Specialists, outbound awareness campaigns and by information provided on DEF's external website. With a customer's permission, the Centralized Agency Team can also reach out directly to agencies and let the customer know which agencies we are contacting on their behalf.

For our Special Medical Needs and Gatekeeper Programs, our Centralized Agency Team receives a referral from our Customer Care Organization as well as our Customer Delivery (field) partners and other employees and in some cases, directly from agencies. After the Centralized Agency Team is notified, a referral is sent to our partnering agencies or organizations that can help.

2. Please list and describe all instances where DEF may provide a bill credit to a customer.

RESPONSE:

Billing adjustments resulting in bill credits are processed in CSS in several ways:

- Cancel Only – Creates a credit immediately but does not rebill the account. When using this option, the account is normally billed through a service order or a billing exception.
 - Common uses:
 - New customer moves in and requests to be billed from a date in the past.
 - Current reading is lower than previous estimated reading.
- Cancel/Rebill – Creates a credit immediately and generates a rebilling debit during batch processing.
 - Common uses:
 - Previous bill was over estimated due to no reading received; current reading is actual.
 - To correct an actual reading for the current month.
- Cancel/Adjust – Creates a credit and a debit immediately.
 - Common uses:
 - Customer provides a tax exemption certificate with effective date in the past.
 - Customer was set up on the incorrect rate class.

- a. Please indicate how DEF accounts for costs associated with bill credits.

RESPONSE:

Quality monitoring ensures that billing adjustments are processed in accordance with the Billing Manual and PSC Tariff Rules and Regulations. Daily files of all billing adjustments are compiled by RS Billing identifying dollar amounts, types of adjustments, and the reason for the adjustments. Billing Team Leads perform a monthly review of the top ten-dollar amount adjustments and a random sampling of ten additional large adjustments. In addition, the Billing Team Leads review ten random adjustments for every associate in the Mass Market and Complex Billing teams.

3. Please refer to the proposed modification to DEF's Home Energy Check program. Please indicate whether or not DEF has provided any "Assistance Kits" thus far. If so, please identify how many. If not, please indicate whether or not DEF intends to extend implementation of this modification from 2021 through 2024, to 2022 through 2025, if approved.

RESPONSE:

Absent Commission approval, DEF has not provided any "Assistance Kits" to date. Once approved DEF intends to extend the implementation of the "Assistance Kits" from 2021 through 2024 to 2022 through 2025.

4. Please refer to the proposed modification to DEF's Residential Load Management program. Please indicate whether or not DEF has provided any \$30 gift cards thus far. If so, please identify how many. If not, please indicate whether or not DEF intends to extend implementation of this modification from 2021 through 2022, to 2022 through 2023, if approved.

RESPONSE:

Absent Commission approval, DEF has not provided any \$30 gift cards to date. Once approved DEF intends to make two annual \$30 gift cards available to eligible customers, if approval delays implementation until 2022, the Company will offer the \$30 gift card in 2022 through 2023.

5. Please refer to DEF's response to Staff's First Data Request, No. 1. Are customer accounts that generate an automatic cut-out ticket provided additional time to pay before being disconnected? If so, please identify the amount of additional time that may be provided.

RESPONSE:

The customer will receive a reminder call (automated beginning at 8:00 a.m.) the morning of the Disconnect Non-Payment ("DNP") that service may be disconnected. Customer may take action before 10:00 a.m. to stop the DNP.

- a. Please explain how DEF determines which customers from the “Cut List” to disconnect during the manual review.

RESPONSE:

The cut list by design is set to identify customers with past due balances but may have an exception. The accounts are reviewed and determined eligible for disconnection. Customers found to have PSC complaints, medical, lift stations, etc. are removed for further follow up.

6. Please refer to DEF’s response to Staff’s Third Data Request, No. 1(a). Please explain how customers in need of assistance are made aware of which agency to contact.

RESPONSE:

Customers are provided agency contact information in several ways, including inbound calls to our Customer Care Center, DEF’s website and proactive outbound awareness campaigns. With a customer’s permission, we can also reach out directly to agencies and let the customer know which agencies we are contacting on their behalf.

For our Special Medical Needs and Gatekeeper Programs, our Centralized Agency Team will refer the customer’s information over to the agency or organization for follow up with the customer. We also inform the customer of the name of the agency or organization who received their referral information.

7. Please refer to DEF’s response to Staff’s Third Data Request, Revised Attachment B. Please explain the increase from the 453 low-income customer accounts more than 60 days in arrears identified in DEF’s response to Staff’s First Data Request, No. 22, to the 1,689 customer accounts identified in the revised Attachment B.

RESPONSE:

There are various factors for the increase in customer accounts identified to be in arrears. The data reflecting the 453 low-income customers accounts was extracted on August 13, 2021, while the 1,689 low-income customer accounts was extracted on September 17, 2021. The number of accounts in arrears may be impacted by the seasonality energy usage and bills, as well as, reflect changes based on customer payment arrangements or customers bringing their accounts current.

- a. Please provide a revised document in Microsoft Excel format identifying the Residential Load Management program credit amount each listed customer received on their bills each month from October 2020 to the most recent bill.

RESPONSE:

See “Attachment A” which includes credit amounts for low-income customers from October 2020 through September 2021.

Attachment A

10/2020 - 9/2021	CREDIT	BILL MONTH
