Subject: Gulf Power Rate increase

I read in the PNJ where you voted to allow Gulf Power to increase their rates beginning in January. You say this is due to fuel costs increase. Well, it's funny you mentioned fuel increase. How about taking a look at how much gasoline has risen in just a few months. My gasoline fill up has gone from \$28.00 to over \$50.00. Could the PSC vote me a pay raise from my employer? You always side with the big companies, always oppressing the people. I'm sure the big companies line your pocket\$ well. And, I understand when FPL takes over, things will get worse.

Thank you,
