**Re: Docket No. 20210191-SU - Application for certificate to provide wastewater service in Orange County by Gulfstream Utility LLC.**

Mr. Deterding:

Staff has reviewed Gulfstream Utility, LLC's (Utility) application for a certificate to provide wastewater service in Orange County, filed on December 15, 2021. After reviewing the application we find the application to be deficient. The specific deficiencies are identified as:

1. **Business Name.** Rule 25-30.034(1)(d), F.A.C., requires that the applicant must provide documentation from the Florida Department of State, Division of Corporations, showing:
  1. The utility's business name and registration/document number for the business, unless operating as a sole proprietor; and,
  2. The utility's fictitious name and registration number for the fictitious name, if operating under a fictitious name.

In its application, the Utility provided its registration with the state of Michigan. Please provide the Utility's documentation from the Florida Department of State.

2. **Schedule of Customers by Size and Class.** Rule 25-30.034(1)(h), F.A.C., requires the applicant to provide a schedule showing the number of customers currently served, by class and meter size, as well as the number of customers projected to be served when the requested service territory is fully developed. Please provide this schedule.
3. **Health Department Reports.** Rule 25-30.034(1)(j)3, F.A.C., requires the applicant to provide a copy of the most recent Department of Environmental Protection (DEP) and/or county health department sanitary survey, compliance inspection report, and secondary standards drinking water report. In Exhibit D of its application, the Utility indicated "None" for this rule requirement. Please provide the most recent DEP compliance inspection report for the Utility's wastewater system.

4. **DEP Correspondence.** Rule 25-30.034(4), F.A.C., requires the applicant to provide copies of all correspondence with the DEP, county health department, and water management district, including consent orders and warning letters, and the utility's responses to the same, for the *past five years*. The Utility did not provide any copies of correspondence for the past five years with the aforementioned parties. Please provide copies of the Utility's correspondence as required.

Your application will not be deemed filed until the deficiencies identified in this letter have been corrected. These corrections should be submitted no later than **February 4, 2022**, to the following address:
