We are John Purvis and Gayle Moore and we are property owners and residents at 380 Bocilla Dr on Don Pedro Island. We are requesting that the PSC deny the application by Environmental Services to construct wastewater services here ( 20200226-SU ). We do not believe that Environmental Services has the technical

expertise or the financial strength to complete such a project on a barrier island where the only access is by barge. We are in favor of a central sewer on our island but we strongly believe that Charlotte County should be constructing it. Environmental Utilities has not offered to purchase a performance bond and we doubt it's ability to complete this project within its projected cost estimate. Please do not allow the need for sewer to override our rights and concerns by allowing a poorly financed and poorly thought out plan proceed. Let Charlotte County step up to its responsibilities and construct this much needed sewer.
