**Subject:** FW: Docket #20200226-SU

---

As a homeowner on the island please deny EU's application for wastewater service

The main reason is because EU is not a contractor that has ever won a bid to install sewer anywhere. Palm Island also called Don Pedro-Knight Island is a barrier Island with no bridge access, That would make it even more complicated for a company who has no experience.

There are also concerns about EU's owner. Has anyone done a background check?

Thanks!
