**Subject:** RE: Docket #20200226-SU support

I want to express my support for the proposed central sewer system for the barrier islands (Palm Island and Little Gasparilla Island) of Charlotte County. Many of the current septic systems are woefully inadequate and leach effluent into the bay and gulf every extreme high tide and major wind or rain storm. I can think of no other project that would be of more benefit to the islands' fragile environment, its plants and animals, and the surrounding waters.
