Subject: #20200226-SU

Dear Commissioners LaRosa, Passidomo, Clark and Clerk of the PSC

I have been a property owner for 31 years on Don Pedro Island. I object to the County granting an application for a wastewater license to Environmental Utilities LLC.

This application is on the agenda for February 8, 2022- #20200226-SU

I am not objecting to the sewer per se. If there is a need due to environmental issues

I would be in favor of a sewers system to replace our septic tanks. My concerns stem from the lack of experience and financial background of the applicant in question.

If there are studies that show a need for a system, I would be in favor of a county run utility with ongoing maintenance and service with the best interest of the homeowners, county and environment at the forefront of your decision making.

Please deny this request.

Thank you,

Jack Steen
