CUSTOMER COMMENTS

We are in full opposition to this proposal for wastewater service. LGE is a strictly residential community (no commercial) it is also a "part time" residential community, very few residents are "full time" in the island. The proposed wastewater service is NOT NEEDED in LGE. ~~For~~ on top of that the amount of money that you are planning to impose to home owners is totally out of proportion with property values in LGE. It would basically place most homes in LGE out of the market and a huge loss of all home owner's investments. This is not right. If it is the government that is interested in doing these improvements, the government should pay for them. If it's a private entity pushing/forcing these improvements down our throats ~~for~~ FOR ~~and~~ & ~~tape~~ TAPE -- See back for address THEIR FINANCIAL INTERESTS, it should not be known.

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.
