

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In Re: Petition for Temporary Waiver of Rule 25-6.078(3), F.A.C. by Florida Power & Light Company.

DOCKET NO. 20220012-EI

LETTER OF PROTEST

COMES NOW, Christopher Woodward and does hereby file this letter of protest in accordance with F.A.C. 28-106.201 and does request an evidentiary hearing regarding the above-captioned matter. The petitioner, whose name and address is shown below, does hereby state that his/her substantial interests will be affected by the PSC's determination as follows:

1. The petitioner receives his/her electric through FP&L. The PSC approved FPL's Petition for Rate Unification and for Base Rate Increase in Docket Number 20210015-EI. In that petition, FPL filed its tariff's, which contained an updated written policy for FPL regarding the installation of underground facilities in new subdivisions. However, the data and analyses for these tariff's were omitted from the filing. The tariff's were, however, considered in the rate unification and base rate increase decision. Therefore, part of the consolidated FPL and Gulf ratemaking was based upon the amount of these tariff's.
2. The new rates approved by the PSC have caused an undue and substantial hardship on myself, as well as on thousands of Florida's residents. The PSC has a duty to balance the needs of a public utility and the consumers of that utility. While residents have faced extreme and unfair prices, FPL has been unjustly enriched at the consumer's expense.
3. Since the supporting data and analyses were not included in the Petition for Rate Unification and Base Rate Increase, Docket No. 20210015-EI, yet rates were changed that enriched the public utility and caused undue and substantial financial hardship on the people, it is imperative that FPL file their written policy in a timely manner and that the Petition for Temporary Waiver of Rule 25-6.078(3) F.A.C. be denied.

4. My personal example of undue and substantial hardship is as follows:

My Bill went from averaging about 220.⁰⁰ per month to the amount of an average (over 2 months) of 430.⁰⁰ per month. I've Change my light Bulbs to LED last year and replaced my windows with energy efficient ~~new~~ windows I insulated my roof, I've been unable to find solar for a modular home (not on a foundation). This increase will cause us to burn more wood which will hurt the ~~environment~~ according to the people at FPL. Also the power co. states that the increase will be used by the co. (FPL) to pay for their investment in greener/cleaner more reliable energy. But are not issuing shares to the customer paying for these advances.

Petitioner:

Chris Woodward

Name

5825 Bush Rd.

Address

Baker FL 32531

City, State and Zip Code

850 902-7016

Phone Number

Dont have it with me

FP&L Account No.

Signed This 28 Day of Feb, 2022
