Subject: FP&L Monopoly 2030 N Q Street Pensacola, Florida

Hello I am one of the creators of [FP&L Price Gouging - Northwest Florida](#) located in Pensacola, Florida but helping people affected by FP&L (Florida Power and Light in Northwest Florida). We have a member Sha Newby (Shay Starnes) and her services were shut off giving her landlord full authority apparently to evict her. She is one of the many members affected by FP&L that needs immediate help now. I will attach the information she has sent me and her contact info. Contact info e-mail: Queentrouble91@icloud.com

Our community can not continue to be hit with outrageous bills by a new company that just came in and elevated their prices according to their desires. This is not in the best interest of the people. What is happening here is a monopoly. People are being choked. Prices are going up on everything. People are losing their homes. People are living in fear!
Please look into FP&L and give us the ability to live and have basic human rights. Electricity is not a luxury, we all need it to survive.

Thank you so very much,

Jossy
