CUSTOMER COMMENTS

Dear Commissioners,

I'm writing to ask you to deny giving the wastewater certificate to Ell and Jack Boyer. This is a startup company with no bond to protect the customers. They have never done a wastewater project much less on a budget in barrier island. The finances which we believe are miscalculated are tremendously high and unreasonable. There is no proven need as the water around our island has not been tested. The Boyer's finances are questionable with huge debts. Mr. Boyer has done some illegal things too! Check the Charlotte Co. Records! So many witnesses at the hearing presented compelling evidence that Ell should not get the certificate. Please review all the figures and DENY THIS! A Big mistake to award to Ell.
