## **Notice to customers of the Citra Highland Water System**

The application for a water system certificate submitted by Hash Utilities to the Florida Public Service Commission (PSC) included the name Citra Highlands Water System. This has caused some confusion as the company that operates and submits the reports to the PSC is Hash Utilities, LLC. We have submitted a name change to take effect on April 1, 2022, for the PSC to recognize us as Hash Utilities, LLC with the community served as Citra Highlands Subdivision.

You still live in Citra Highlands, everything will remain the same, and you are still connected to the Citra Highlands Water System. This only affects the way the Florida Public Service Commission communicates with us. Nothing will change for our customers, but if you have any questions, please let us know.

Thanks  
Marshall Hash
