I oppose any water service price increase. The last increase Was nearly double and the water quality did not improve accordingly. We are a senior citizen community and most of us are on fixed, limited incomes .

perhaps the HC water company should review its procedures to look for ways to better manage their costs as the rest of us have to do.

I do understand we are in an inflationary period that affects everyone which is why I am asking PLEASE DENY THIS INCREASE!

Sincerely, Lois Vara
