DOCUMENT NO. 02265-2022
FPSC - COMMISSION CLERK

Docket No. 20220011-EI – Petition to modify tariff to close existing lighting tariff to new business and introduce new LED lighting tariff by Florida Public Utilities Company.

Issue 1: Should the Commission approve FPUC’s proposed modifications to the Rate Schedule LS lighting tariff?

Recommendation: Yes. The Commission should approve FPUC’s proposed modifications to the Rate Schedule LS lighting tariff as shown in Attachment A of staff’s memorandum dated March 24, 2022. The proposed new LED fixture options are cost based and expand the fixture options available to customers. Closing the current HPS and MH options for new lighting customers allows FPUC to recognize energy efficiencies and technological improvements in the lighting industry. The revised tariffs should be effective upon the issuance of a consummating order.
