The above confidential material was filed along with a first request for extension of confidential classification. Please complete the following form by checking all applicable information and forward it to the attorney assigned to the docket, along with a brief memorandum supporting your recommendation.

- The document(s) is (are), in fact, what the utility asserts it (them) to be.
- The utility has provided enough details to perform a reasoned analysis of its request.
- The material has been received incident to an inquiry.
- The material is confidential business information because it includes:
- (a) Trade secrets;
 - (b) Internal auditing controls and reports of internal auditors;
 - (c) Security measures, systems, or procedures;
 - (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;
 - (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of information;
 - (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities;
- The material appears to be confidential in nature and harm to the company or its ratepayers will result from public disclosure.
- The material appears not to be confidential in nature.
- The material is a periodic or recurring filing and each filing contains confidential information.

RE: Docket No: 20220001-EI Document No: 00571-2020
DESCRIPTION: Duke Energy (Bernier) - (CONFIDENTIAL) Information provided in response to OPC's 4th request [for] PODs (Nos. 34-39), Exh A to notice of intent to request confidential classification [00569-2020].

Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, Duke Energy Florida (DEF or Company) requests extension of confidential classification of certain information it provided in the above referenced-docket, dated January 27, 2020. The confidential classification of the subject document was first approved by Order No. PSC-2020-0375-CFO-EI, issued October 16, 2020.¹

The Company is claiming confidentiality of its information under Section 366.093(3)(d), F.S., and Section 366.093(3)(e), F.S. Per the Statute, confidential business information includes, but is not limited to: Subsection (d) “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms,” and Subsection (e) “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.”

More specifically, the information at issue relates to claimed proprietary and confidential operating procedures, drawings, and technical information regarding third-party component/equipment design and operation parameters. DEF asserts that if it cannot demonstrate to its third-party partners that the Company has the ability to protect those third-parties’ confidential and proprietary business information, it will be less likely that DEF can secure contracts that benefit its customers.

Staff has reviewed the subject information as well as the Company’s confidentiality request. It is staff’s opinion that the information subject to this request continues to meet the criteria for confidentiality contained in Section 366.093(3)(d), F.S., and Section 366.093(3)(e), F.S.
