Since we received a phone call informing us that this email address is incorrect, we can remove it and just use the physical address that was provided on the filing itself (DN 01672-2022). Thank you!

This is the information we have on the "E-Filing sheet" for that filing and then on the actual letter itself it has the name and address and phone number other than that we don't have any other information as to who may have filed it or if they filed it using someone else's information or anything like that.
