**Re: Docket No. 20220088-WS - Application for certificates to provide water and wastewater service and approval of initial rates and charges in Sumter County, by Middleton Utility Company, LLC.**

Dear Mr. Friedman:

Staff has reviewed Middleton Utility Company, LLC's application for original certificate. After reviewing this information, we find the application to be deficient. The specific deficiencies are identified as:

1. **Notice of Application.** Rule 25-30.030(6), F.A.C., states that all applications requiring noticing shall be deemed deficient until affidavits of noticing required by Sections 367.045(1)(e) and (2)(f), Florida Statutes, along with a copy of the notice, are filed with the Office of Commission Clerk. After staff has reviewed and approved the notice of application, and the notices have been distributed in accordance with Rule 25-30.030(5), F.A.C., please provide affidavits of noticing.
2. **Detailed System Map.** Rule 25-30.033(1)(j)(2), F.A.C states that the utility provide system maps showing the existing and proposed lines and treatment facilities, with the territory proposed to be served plotted thereon, consistent with the legal description provided in subparagraph (j). Furthermore, the rule states that the map shall be of sufficient scale and detail to enable correlation with the description of the territory proposed to be served. Please provide revised detailed system maps that meet the requirements of this rule.

Mr. Martin S. Friedman
