Dear Clerk of the Commission,

Thanking you for your time, work and effort on staff's recommendation **that EU's application for a wastewater certificate be denied.**

I would like to comment on the outstanding volunteer "PUMP OUT" Program on Don Pedro Island, which my household has participated in since its inception.

Residents as well as myself, are willingly compliant with the above scenario. We care about environmental issues, and we fiercely care about and protect the health of our island.

Thank you again for your time and consideration in dealing with this matter.

Sincerely,

Kjell Plotkin, Resident
