I want to thank you and the staff for the detailed attention that you gave to the above docket. I am in favor of the PSC recommendation to deny the application for sewer lines to be installed on the island.

As a resident of Don Pedro for approximately 20 years I have been an advocate of if we need it than lets get it done (bridge project). However I am a firm believer that this sewer application was a solution looking for a problem.

Please deny the EU application.

Thank you,
