Subject: Ten Year Site Plan Comments to be Filed in Docket No. 20220000

Dear Clerk Of PSC,

Stop FPL's 10-year site plan! There is no reason to be building new fossil fuel generation. They will just be stranded asset white elephants saddling the ratepayers for decades.

We want to see real programs that actually help customers like reducing monthly connection fees. We want solar and we want it at our homes.

Reject FPL's proposed site plan and REQUIRE them to invest in efficiency programs that save money, save energy, and help us meet our needs.

Sincerely,
Mr. Charles Behrens
