COMPLAINT INFORMATION

Complaint: Improper Billing against Florida Power & Light Company
Details:

This complaint is for Both FPL AND Florida Public Service Commission. I cannot believe that such a bill would be passed to reprimand people/homes/families that are investing in their future. The fact that you can think it is fair to bill us for electric we did not even use is a failure to the "public service" moniker. That is like a restaurant charging customers for a meal they did not eat, a grocery store adding extra items to your bill for no apparent reason, Amazon charging for things you did not even shop for. It is not our fault you have squandered decades of profit and stuffed it into your and your lobbyists' pockets instead of investing into the future. It's not our fault you are not prepared. It is not our responsibility to pay for your mistakes. Kindly KEEP YOUR HANDS OFF OUR MONEY!
