COMPLAINT INFORMATION

Complaint: Other Complaint against Florida Power & Light Company

Details:

The new increased minimum billing allowed by FPL is unfair and completely contradicts the "GO GREEN" mentality in today's world! To increase my bill because I am not using enough electricity is nothing more than greed and profit margins! FPL claims energy conserving tips and advice on website but if I don't use enough electricity I'm charged more money - can you please acknowledge this insanity? My five monthly bills have more than doubled now! I want my complaint heard and acknowledged. The PSC made a terrible mistake by approving this minimum billing base. I am being robbed of money every month to pay for electricity I didn't use or need. So much for minimizing my carbon footprint!
