Subject: Septic to Sewer conversion on Little Gasparilla Island

Dear Commissioners,

We have lived on LGI for nearly 4 years now. We are strongly in favor and in need of the conversion of septic to sewer on the island.

There are many days that we can smell sewage around our property and the island. We may soon lose the ability to service our current systems due to Eldreds Marina selling soon and the barge will no longer be available to bring over the only company willing to come to our island to maintain and pump our tanks.

The land and surrounding waters would greatly improve with switching to a sewer system.

Thanks for listening and please move forward with the sewer plan.

Sincerely,
Cindy and Barry Grife
