Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, Duke Energy Florida (DEF or Company) requests continued confidential classification of certain information contained in 8/29/19 and 8/30/19, late-filed exhibits to deposition of Messrs. Swartz, Toms, and Salvarezza (Document No. 00223-2020). Confidential classification was originally granted by Order No. PSC-2020-0324-CFO-EI.<sup>1</sup>

The Company is claiming continued confidentiality of its filing under Section 366.093(3)(d), F.S., and Section 366.093(3)(e), F.S. Per the Statute, propriety of confidential business information includes, but is not limited to: Subsection (d) “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms,” and Subsection (e) “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.”

More specifically, the information at issue relates to claimed proprietary and confidential operating technical information regarding a third-party’s (to DEF) component/equipment design and operation parameters. DEF asserts that if it cannot demonstrate to its third-party partners that the Company has the ability to protect those third-parties’ confidential and proprietary business information, it will be less likely that DEF can secure contracts that benefit its customers.
