Subject: Docket 20220051

This is regarding FPL Docket 20220051: Please do not grant any more rate increases. We are paying the highest rates here in NW Florida and we cannot take any more increases. You need to roll back the tiered rate structure or at least modify it to above 1500kw before the rate increase. You have allowed the largest profit margin and FPL should use their profits to reinvest in their company infrastructure.
