**Subject:** We Can't Afford Higher Rates from FPL

Commissioner Art Graham,

I am writing as a concerned Florida resident and customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to find work.

I urge you to reconsider this rate increase.

This is ridiculous during a time like this with inflation at an all time high. These rates are astronomical and paying you guys with my home and business is becoming unaffordable. I'm using less electric than last year and paying more. This is insane. I will share this with all my patients and attorney friends to spread the word.
