Re: Docket No. 20220064-WS
Tymer Creek Utilities, inc.

In reference to the above application for sale and transfer of Tymer Creek Utilities to Central States Water Resources Object at this time due to the fact that Tymer Creek Utilities months ago had an underground wastewater leak that damaged the road and failed to properly repair the damage in the subdivision. They made a half-hearted effort to put a band aid repair on it, but the asphalt and roadbed continues to collapse. The HOA boards of directors have contacted Tymer Creek Utilities numerous times to repair everything properly but there has been basically no response from them. I feel Tymer Creek Utilities is trying to complete this sale quickly and accept no responsibility for the damage they have done. The Tymer Creek HOA's next step is a lawsuit that will involve Tymer Creek Utilities and possibly the new owners Central States Water Resources. Until this matter satisfactorily is resolved I request that the sale and transfer be halted.

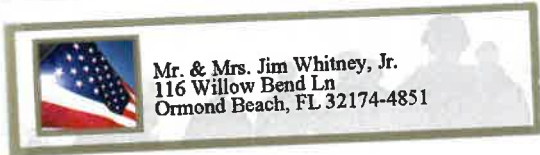

I am a 16 year resident in the Tymer Creek Subdivision. I look forward to hearing from the commission.

Regards,

Leslie Whitney
