Hello,

My contact to you regards the Florida City Gas base rate increase request filed May 31, 2022. I do not agree with the proposed rates and my review is for residential. Residential basic service charge is proposed to increase 59% from \$12 to

\$19. A Residential reconnect charge is proposed to increase from \$40 to \$90 or 225%. While Temporary Disconnect charges are not proposed to increase at all. I do not think an equitable and fair evaluation for residential service rates has been proposed.

Please consider my input.

Thank you,

Sherri O'Shea
