Commissioner Gabriella Passidomo,

Re: 20220067-GU

I am writing as a concerned Florida resident and a natural gas customer. I received notification that my natural gas supplier intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

Alachua County and particularly Gainesville has the highest

I urge you to reconsider this rate increase at this time.

Honorable Commissioners:

Please deny gas rate hikes. Floridians are suffering enough, esp. from outrageous past & planned FPL Electric Utility rate hikes.
